

ILM

Inline Fan Single Kit

Description

ILM - Inline Fan Single Kit

Product Codes

ILM - Inline Fan Single Kit - **TP638**

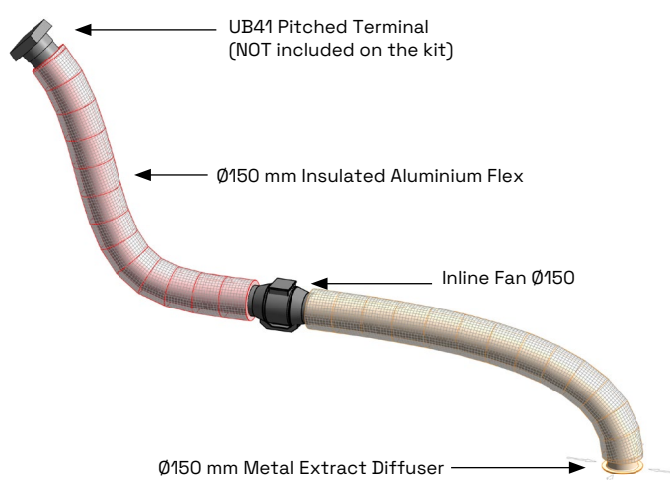

The ILM Fan Single Kit is ideal for an all-in-one overheating solution.

It is designed to remove excess heat from properties that can overheat in Summer.

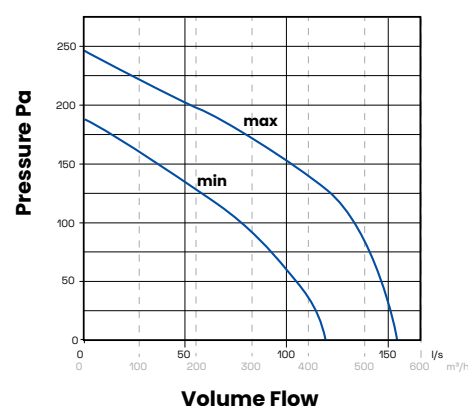

It can help support compliance with the requirements of UK Building Regulations Part O and Part F for overheating and ventilation.

The kit includes:

- 1 x ILM - inline fan Ø150
- 1 x 152Ø x 5m insulated aluminium flex
- 1 x 150Ø metal round extract diffuser white
- 4 x Jubilee clips 55-170 mm

Performance

Features

- Extract ventilation system for loft or low profile ceiling applications
- 'Complete' kit for single extract
- Designed for high-pressure air ducts with high airflow
- Low noise levels
- Complete kit with fan, ducting, valve & clips
- Energy efficient mixed flow impeller
- Roof terminal available as an optional extra; please enquire for more information
