Sill End Caps

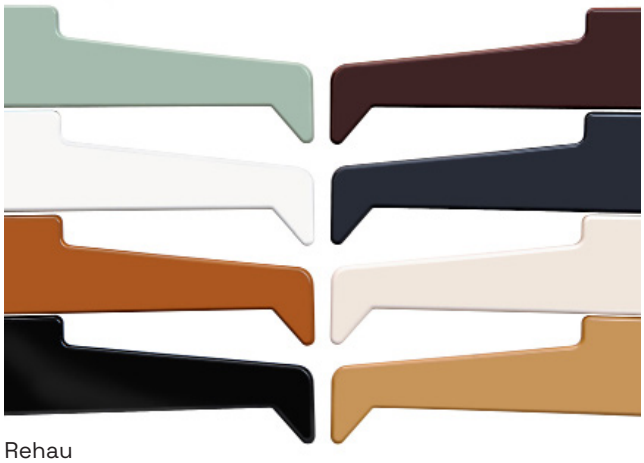

G-Pack sill end caps provide a neat, professional finish to window and door sills.

Manufactured from durable, high-quality ASA material for long term uv resistance and colour fastness. Our end caps are designed to provide a consistent fit and finish across a range of PVC-U window and door systems.

Available in profile-specific designs, G-Pack sill end caps are quick and easy to install, helping fabricators and installers achieve a clean colour match. Their robust construction makes them suitable for use in both new-build and refurbishment applications.

Compatible Profiles

- **Eurocell**
- **Deceuninck**
- **Profile 22 Optima**
- **Rehau**
